3:00 - 3:30 - Teachers' special help and teachers' detention period. Teachers are available to help pupils, and pupils are available to receive help at the request of the teacher. A teacher may detain a pupil for disciplinary purposes during this time whenever it is deemed necessary.

3:00 - Special after school detention period supervised by the Vice Principal and the Dean of Girls. The cafeteria is the special detention room for boys and girls. Only the Dean of Girls, Vice Principal or the Principal may place a student on special detention. Students placed on special detention are those who persistently continue to break rules and regulations. Absolutely no one will be excused from detention without permission from the Dean of Girls, the Vice Principal, or the Principal.

CAFETERIA - HOT LUNCH / BREAKFAST

The cafeteria is on the main floor of the building. It has two entrances and two serving lines. All students have a hot lunch account. Payments to accounts can be made in the cafeteria or online in Infinite Campus through the Parent Portal. The price varies from full cost to free and reduced plans depending upon the income of the family. Those desiring free or reduced meals are required to complete and have approved an appropriate application form. Students are issued a number, which is nontransferable and can be used by no one else. If a student is on the free or reduced program and gives or sells the meal to another student, he/she may be removed from the program for the remainder of the year.

LOCKERS

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. School authorities for any reason may conduct periodic general inspections of lockers at any time without notice, without student consent, and without a search warrant.

Each student will be assigned an individual school locker. Lockers will have built-in combination locks. Combinations will be issued and kept with advisors. The student will be responsible for the condition of the locker and must make restitution if it is damaged. Periodic inspections will be made by the advisor and by the administration to see that they are kept neat and orderly.

Use only the locker assigned to you and keep it locked and clean at all times. No action will be taken by the school to find the missing items taken from an unlocked locker. On occasion, a student may have a mechanical problem with his or her locker. Under such circumstances, the student should contact the main office or his or her advisor. All personal items, books, and backpacks are to be kept in lockers. Lockers are not to be defaced or marked up in any manner. Students are not allowed to place external decoration on theirs or any other student lockers. Lockers are not to be kicked closed. Students must not share lockers or give away his or her combination to peers. Being caught in some other student's locker or defacing or damaging lockers in any manner will be cause for suspension.

The administration can and will inspect any locker for the purpose of safety of all students. Law enforcement canine searches will be conducted throughout the year to ensure school safety.

Locks are provided for physical education classes. If a student loses their lock, he or she must replace it. Replacement locks may be purchased in the main office.

VISITORS AND TRESPASSING

East Middle School and the Butte School District encourages visits by Board members, parents, and citizens to all District buildings. All visitors shall report to the principal's office upon entering any District building and comply with any other applicable school safety and security policy, procedure or protocol. School visitors shall not interfere with school operations or delivery of educational services to students. Meetings should be held based on teacher availability, before or after student contact.

Persons having no business to conduct at the school or persons trespassing will be reported to the sheriff's office, and legal action will be taken.

SOLICITING OR ADVERTISING

Outside advertising or soliciting of any type for out-of-school groups or organizations on the school premises or in the building must have prior approval through the superintendent's office.

Announcements on the daily absence sheets and our P.A. systems are to relate only to our own student activities or be directly related to some of our own students.

NOTE: With prior approval a few posters pertaining to approved outside activities can be posted.

SAFETY DRILLS

Safety Drills, including fire, earthquake, lockdown, severe weather, shelter in place, and other drills at regular intervals are required by law and are important safety precautions. It is essential that when the first signal is given everyone obeys orders and follows the prescribed routines as directed by the

teacher. The teacher in each classroom will give the students instructions. Absolutely no talking will be permitted during these drills. You must be able to hear the instructions of your teachers. Fire drills at regular intervals are required by law and are an important safety precaution. ATTENDANCE

East Middle School is committed to maintaining positive attendance for all students. Your commitment to be at school every day is vital to your education. Attendance is taken every period of the day. Tardiness to class and frequent absences will have a negative effect upon your scholastic achievement and your subject grade. Stay home when you are genuinely ill, but in all other instances establish a record for good attendance.

East Middle School knows that attendance is essential for all students. Children learn and achieve success in the classrooms. After more than 15 days of absences or tardiness, the administration, the student resource officer, and the team teachers will meet to discuss reasons for absences. If necessary, a parental meeting will be called to discuss absences and a plan of action.

STUDENT ABSENCES

Every absence from school should be covered by a telephone call and/or a written excuse from your parent or guardian. Parents/guardians may call the message phone, 533-2607 or the main office, 533-2600. The phone call should be made at the time you are first absent, and your parent/guardian should call the school each day to report your absence unless the length of the absentee period is known in advance. Upon returning after an absence, **STUDENTS MUST REPORT TO THE OFFICE AND OBTAIN AN ADMIT SLIP BY 8:14 a.m.**

Absence without excuse, from any class, or school exercise, such as an assembly, where attendance is due, automatically places a student on detention and is subject to possible suspension. Should a student become ill while in school he should report to the nurse's office, or if she is not in, to the main office before leaving for home. **STUDENTS MUST OBTAIN PERMISSION BEFORE LEAVING THE BUILDING, NO MATTER WHAT THE REASON MAY BE.**

An automated calling system is in place at East Middle School, and parents are notified if their child has missed one or more periods during the day or if they are not in attendance and the school has not been notified. Sometimes mistakes are made and parents are called. Mistakes can be taken care of by having the student or parent notify the main office.

An absence is defined as any period when the student is not actually present in class. A student who is absent unexcused from a particular class 10 days in any semester may not receive credit for that class. Make-up work as opposed to absences, which are not made up, will be a vital consideration in the denial of credit. **STUDENTS ARE RESPONSIBLE FOR TAKING THE INITIATIVE TO FIND OUT FROM THEIR TEACHERS WHAT WORK NEEDS TO BE MADE UP.**

The following are considered unexcused absences:

- ✓ Truancy
- ✓ Leaving school without proper procedure
- ✓ Any other absence not documented by parent/guardian

The following are considered excused absences:

- ✓ Illness confirmed by a doctor or school medical authorities. Only a written confirmation is accepted.
- ✓ Serious illness or death in immediate family.

- ✓ Professional appointments that could not be scheduled outside of the regular school day.
- ✓ Approved school activities.
- ✓ Family emergency at request of the parent or guardian.

Absences need not be consecutive to come under this policy.

ABSENT 10 CONSECUTIVE DAYS:

By Montana State Statute, a student who misses ten consecutive school days may be dropped from school enrollment. Upon returning, a student must report to the Attendance Office where he must:

- ✓ Have a written statement as to his/her absence.
- ✓ Be given a re-admit slip to be signed by all teachers.

BRING A WRITTEN EXCUSE

If you return to school after an absence without a written excuse, you will be instructed to bring a written excuse for the absence upon the next school day unless parents have notified the office by telephone. Failure to return a written excuse to the school on the third day following your absence will automatically place you on detention after school.

Note to Parents: This rule was designed as a way to prevent truancy. It is the only way in which some parents can find out that their child was truant.

If a student comes to school without an excuse for three consecutive days following an absence, his or her parents will be informed by the dean of girls.

HOMEWORK AND MAKE-UP WORK

Homework is an accepted part of the educational process. It will be assigned on a variable basis, and some should be expected each night. It is the student's responsibility to ask the teacher for make-up work. Parents may call the school to request make-up work for students who are absent more than three days. Please give the teachers and office 24 hours to collect homework assignments.

TARDY

When you are tardy at the beginning of the school day, it will be necessary to secure an admit slip from the main office. Tardiness should be covered by a written excuse or phone call from parent/guardian on the day you are tardy or on the following day. Students who are frequently late will be referred by the teacher or office personnel to the dean of girls or assistant principal.

Students who get up too late or who miss the school bus or their ride are to report to school late. Late students are not penalized if they bring an excuse the following day. Students must bring a written excuse or have a parent/guardian call the school when tardy. Failure to bring an excuse the following day will result in the student receiving detention.

The teacher will send a late slip to the office for those students who are late to class during the day. Detention for tardiness will be assigned through the Dean of Girls and/or Assistant Principal.

SPECIAL ABSENCES

Absences due to other reasons than illness and death in the family must be arranged for in advance. Your parent or guardian must make this arrangement with the office

PERMANENT WITHDRAWAL FROM SCHOOL

A parent or guardian must accompany a student to school to transfer or withdraw.

STUDENT AND PARENT INFORMATION CHANGES

Parents and guardians are encouraged to immediately update changes to student and parent information including address, phone number, and emergency contacts through written notification to the office. It is important that you report any and all changes of address and telephone numbers that take place during the year to the main office. The change should be reported just as soon as it takes place.

PERMITS TO LEAVE THE GROUNDS DURING SCHOOL HOURS

If a student must leave campus during the day, a parent, guardian, or designee authorized through Infinite Campus must sign the student out in the office. If it is necessary for a student to leave school grounds during the day, the parent/guardian is encouraged to send a note with student prior to school beginning in order to have student ready at appropriate time.

DENTIST OR DOCTOR APPOINTMENTS

It is strongly recommended for parents/guardians to plan all dental, medical, and other appointments for a time after school is dismissed.

A student excused for a dental or medical appointment must bring with him satisfactory evidence that he has an appointment, such as a note from parents or an office appointment card.

ACADEMICS

Going to school is a job -- a full-time job. You want to do your job efficiently and successfully. The person who works more efficiently gets the higher grades. The first step is planning your study.

- ✓ **PLAN:** Assign a definite time of at least an hour each day for study at home; utilize study periods and library facilities in school; and keep a list of assignments in a notebook and take home all necessary books, papers, and other materials.
- ✓ **PLACE:** Have a definite place at home to study away from distractions. Have all necessary books, papers, and other materials. Do not attempt to study while conversing or viewing television.
- ✓ **PROCEDURE:** Be certain you understand the assignment when the teacher gives it. Read the entire assignment over rapidly to grasp the basic content. Reread the assignment slowly and comprehensively for content, relationships, and details. Close the book and mentally outline the material and ideas contained in the lesson. Review the assignment.

SCHOLASTIC ACHIEVEMENT LIST

At the end of each term students who attain a "B" or better average in all subject areas will be recognized by a published scholastic achievement list.

REPORT CARDS/ASSESSMENTS

Report cards are issued every six weeks to notify parents of progress. Letter grades are used to designate a pupil's achievement.

A	90-100 - Superior
B	80-89 - Better than average work
C	70-79 - Average
D	60-69 - Below average but passing work
F	0-59 - Failure
I	Incomplete - must be made up within two weeks or grade reverts to F
P	Pass - completion of a course for full credit (not included in grade point calculations)

Six-week report cards are an indication of the student's current semester grade at that point in the semester.

Parents and students should look upon progress reports not as scorecards -- but as a method of reporting information. If the information is not clear or satisfactory, it is hoped that the parent will call the guidance office or make an appointment with the teacher.

Student achievement is also measured using a variety of formal and informal assessments during the school year. Those results will be available to parents during conferences with teachers. Achievement data will also be used in placing students in the proper educational setting.

INFINITE CAMPUS

East Middle School parents can access their student's current grade and assignment information as well as contact teachers electronically through the School District website (www.butte.k12.mt.us). Access information will be available during Open House at the beginning of the school year or through the Curriculum Office during the year. The Curriculum Office can be reached at 533-2540.

RETENTION OF STUDENTS

In order to complete the program at East Middle School, a student must pass at least three of the five core subjects. Parents will be notified by letter after the first and second semester regarding the retention of their child. Summer school attendance and completion can be a condition of promotion if a student has failed three or more core subjects.

SUMMER SCHOOL

Summer school programs are offered in Reading and Math. Science may be offered as well. Summer school attendance and completion can be a condition of promotion if a student has failed three or more core subjects.

PHYSICAL EDUCATION

Physical education is required of every student who registers at East Middle School as well as an essential component to the positive growth and development of each student. Physical education offers the student the opportunity to develop healthy habits that will positively impact the student's life beyond his or her school years.

Students are expected to provide and change into proper attire for participation in physical education. No one will be permitted on the gym floor without tennis shoes. Any type of non-marking, athletic shoe is acceptable. Student names should be on all shoes and clothing. During physical education, all personal items must be secured with a lock. The school will issue the student a lock for his or her locker. If the lock is lost or destroyed, the student is responsible for replacement of the lock. Due to safety issues, all body piercing must be removed prior to participating in physical education. Students who fail to dress out in proper attire still participate in physical education activity.

Participation in physical education is a major determinant in the grade received in physical education. All students must participate in physical education activities unless a written request from a physician is presented to the school outlining physical restrictions of the student along with a timeline outlining when the student will be able to fully participate. Parents may, in writing, provide an excuse for non-participation for one day per term.

Those desiring free or reduced meals are required to complete and have approved an appropriate application form. Students are issued a number, which is nontransferable and can be used by no one else. If a student is on the free or reduced program and gives or sells the meal to another student, he/she may be removed from the program for the remainder of the year. The Central Services phone number is 533-2590.

The split 7th and 8th grade team teachers will be allowed to pick five students to represent them on the Student Council. The administration will also select two students to serve. b. A current list of casual reportable communicable diseases identified by the Montana Department of Health and Environmental Sciences shall be maintained in the nurse's office at each school.

e. All persons privileged with any medical information that pertains to students or employees shall be required to maintain strict confidentiality. This medical information should not be given to anyone without the consent of the infected employee or student (or parent or guardian, if a minor).

3. Noncasual Communicable Diseases (one that is not transmitted by casual everyday contact in the school setting). Blood-borne diseases such as hepatitis B and C, HIV, and AIDS are not spread by casual every day contact and shall; therefore, be termed as noncasual communicable diseases.

a. Students and employees with a blood-borne disease are entitled by law to all rights, privileges and services, accorded to other Butte School District No. 1 students and employees.

b. The District shall provide an appropriate alternative education program, if needed, based on individual circumstances as defined in the Education for all Handicapped Children Act (EAHCA).

c. All decisions will be re-evaluated as the condition of the infected individual changes.

d. Disclosure of an infected employee or student (or parent/guardian of, if a minor), to a Butte School District No. 1 employee, that the individual has a blood-borne disease, the information is considered strictly confidential and shall be disclosed only to those persons whom the infected employee, student (or parent/guardian of, if a minor), wishes to inform. e. Information that is required to be given to the Superintendent is only that the disclosure was made. The name of the infected individual is not to be revealed to the Superintendent unless requested by the individual.

f. The Superintendent shall notify the Butte-Silver Bow County Health Department without naming the individual.

g. Butte School District No. 1, whether or not communicable disease-infected students or employees are involved, shall take steps as determined by the Superintendent and the Montana Office of Public Instruction, to educate students, employees, and parents regarding communicable diseases to minimize the risks of transmission to others and to assist efforts to provide the best education for the infected individuals.

h. A team comprised of the individual's physician, city/county health department representative, parent or legal guardian, and the building principal may be formed to provide assistance to an infected student or employee, if the employee or parent or legal guardian agrees that such a team is necessary. The parent or legal guardian will be required to sign an information release form that provides the authority to discuss the student's case in a team approach.

Epinephrine

Each student occupied school now maintains a stock supply of autoinjectable epinephrine to be administered by the school nurse or other willingly educated employee to a student or a non-student as needed for actual or perceived anaphylaxis (life threatening allergic reaction) in accordance with district Protocol 3416-G signed by a local medical doctor and in accordance with 20-5-421, MCA.

This medication is intended for any person suffering an episode of actual or perceived anaphylaxis in the school setting. The limited stock supply of this medication is not to be used in place of medications previously or currently ordered for students or staff with known allergies with ordered for their specific allergies. Students and staff with known allergies are expected to continue to provide their own health care provider ordered medication in according with school district medication policy 3416, 3416F-B, and 3416F-E.

Opioid Antagonist

“Opioid antagonist” means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including but not limited to naloxone hydrochloride, or any other similarly acting drug approved by the United States food and drug administration.

In accordance with Montana House Bill No. 323 and recognizing the rise in opioid abuse across the U.S., Butte School District #1 has developed a policy and procedural guidelines to maintain a stock supply of an opioid antagonist (naloxone) in student occupied buildings attended by 7th-12th graders. This medication may be delivered intranasally or injected by a school nurse or other trained personnel to any student or nonstudent as needed for an actual or perceived opioid overdose in the school setting or at related activities.

District employees will be identified and trained as providers of this potentially life-saving medication. A 9 1 1 call will be placed when this medication is administered. Those administering this medication will be trained in recognizing the signs and symptoms of opioid overdose, indications for administering the antagonist, administration techniques and the need for immediate access to a certified emergency responder. Training may be provided by a school nurse, certified emergency responder, or other health care professional.

In accordance with the provisions of 27-1-714, a school district and its employees and agents are not liable as a result of any injury arising from the administration of an opioid antagonist to a student or nonstudent unless an act or omission is the result of gross negligence, willful or wanton misconduct, or an intentional tort.

STUDENT INSURANCE

Student insurance is available at a nominal cost and is optional. When a student insured under this plan is injured, he will be given a claim form from the office. This form must be completed by his parents and presented to the doctor or hospital. The school merely acts as a medium in supplying the insurance and assumes no liability either for the injury or the subsequent negotiations with the company.

MANAGEMENT OF SPORTS-RELATED CONCUSSIONS

The Butte School District recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities. The Board acknowledges the risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed. Therefore, all competitive sport activities in the District will be identified by the administration.

Consistent with the National Federation of High School (NFHS) and the Montana High School Association (MHSA), the District will utilize procedures developed by the MHSA and other pertinent information to inform and educate coaches, youth athletes, and their parents and/or guardians of the nature and risk of concussions or head injuries. Resources are available on the Montana High School Association Sports Medicine page at www.mhsa.org.

Annually, the district will distribute a head injury and concussion information sheet to all parents and guardians of student-athletes in competitive sport activities prior to the student athlete's initial practice or competition.

All coaches, including volunteers, will complete training as required in the District procedure. Additionally, all coaches of competitive sport activities will comply with the school's protocol and procedure for management of sports related concussions.

Procedures:

- A. Each spring, the athletic director shall review any changes that have been made in procedures required for concussions and head injury management or other serious injury by consulting with the Butte School District Medical Staff. If there are any updated procedures, they will be adopted and used for the upcoming school year.
- B. Identified sports at East Middle School include football, cross country, volleyball, basketball, wrestling, track, Girls Athletic Club, and after school recreational programs.
- C. Coach Training: All coaches shall undergo training in head injury and concussion management at least once every two years by one of the following means: (1) through viewing the MHSA sports specific rules clinic; or (2) through viewing the MHSA concussion clinic found on the MHSA Sports Medicine page at www.mhsa.org.
- D. Parent Information Sheet: On a yearly basis, a concussion and head injury information sheet shall be distributed to the student-athlete and the athlete's parent and/or guardian prior to the student-athlete's initial practice or competition. This information sheet may be incorporated into the parent permission sheet which allows students to participate in extra-curricular athletics and should include resources found on the MHSA Sports Medicine page at www.mhsa.org.
- E. Coach's Responsibility: A student athlete who is suspected of sustaining a concussion or head injury or other serious injury in a practice or game shall be immediately removed from play.
- F. Return to Play After Concussion or head Injury: A student-athlete who has been removed from play may not return to play until the athlete is cleared by a licensed healthcare provider (MD, DO, PAC, or NP). The health care provider may be a volunteer. The student will return to play in accordance with the school's protocol and procedures for management of sports-related concussions.

CITIZENSHIP

One of the aims of East Middle School is the development of good citizenship. A good school citizen obeys the rules and the regulations. The rules and regulations are set up to protect and help the students.

A GOOD CITIZEN EXHIBITS THE FOLLOWING EMPHASIZED BEHAVIORS AS WELL AS THE BEHAVIORS DESCRIBED IN THE BEHAVIOR MATRIX POSTED AROUND THE BUILDING AND IN CLASSROOMS...

- ❖ Go directly to his or her classroom at 8:14 a.m.
- ❖ Go to his/her locker no more than **four** times a day - before advisee, before lunch, after lunch, and after school.
- ❖ Exercise good manners in classrooms, library, and cafeteria – in fact, everywhere.
- ❖ Never leave the classroom without the EMS Student Handbook with appropriate signatures, dates and times written.
- ❖ Pass immediately to the next class; he/she does not ask the teacher for a conference at that time; he/she sees the teacher during the "special help period".
- ❖ Wait for the teacher to dismiss the class at the end of the period.
- ❖ Use the sidewalks upon entering the grounds; don't cut across lawns.
- ❖ Cover, take good care of, and pay for any textbooks that are damaged or lost.
- ❖ Leave the building or go to an activity immediately after school. Loitering in the hallways after school is strictly forbidden. Once you leave the building, you cannot reenter.
- ❖ Not wear backpacks and tote bags during the school day.

ENFORCEMENT OF RULES

The Dean of Girls and the Assistant Principal are interested in the welfare of all girls and boys attending East Middle School. They deal with problems of attendance and discipline. If a student is absent too often or if the student is a poor school citizen more often than he is a good one, it is their job to find out why. Because they are very interested in a student's welfare and because they are very interested in seeing the student become a good citizen, they will counsel the student for the purpose of helping the student to help him or herself to improve his attendance and conduct. Sometimes the parents may be asked to visit either the Dean of Girls or the Assistant Principal in order to help achieve good citizenship or better attendance.

SCHOOL RESOURCE OFFICER

In cooperation with the Butte/Silver Bow Police Department, the School Resource Officer visits all schools on a regular basis. Students are reminded that our school is a part of our community and that laws and ordinances of our community also apply in school. The officer checks on attendance, works on school safety and investigates any criminal activity involving children. This staff member also works in the area of attendance. The officer investigates excessive absences and truancy. The School Resource Officer visits the home to advise the parents of their responsibility for school attendance of their child, according to the State Compulsory School Attendance Law. The officer tries to determine the reason or reasons for non-attendance and suggests to the parents possible ways to overcome the problem.

THE TEACHER

The classroom teacher sets up rules of conduct in the classroom in order that each pupil will have a chance to learn without being disrupted. In order to have good teaching and learning conditions in the classroom, the teacher must enforce the rules. The classroom teacher is primarily concerned with a student's intellectual development. In order that a student may develop intellectually to the utmost degree, the learning process and the teaching process cannot be disrupted by a disorderly student. In addition to the classroom, a teacher has various duties throughout the building to help insure the health and safety of all. When corrected by a teacher, students must give the same respect that is given to a parent or an administrator. Failure to show respect will result in disciplinary action.

SUBSTITUTE TEACHERS

In the absence of the classroom teacher, substitute teachers will assume the responsibilities of the classroom teacher. Substitute teachers work extremely hard to maintain the the educational structure and processes established by the regular teacher for the students. It is essential that students give the same respect to the substitute teacher that is given to a teacher, parent, or administrator. Failure to show respect will result in disciplinary action including referral to the team teachers.

PARENTS

Parents who have concerns regarding their sons/daughters can contact the team leader and set up a meeting with the team. Team planning meetings are used for assistance.

East Middle School welcomes and encourages parents to visit the school. Please remember to respect the school and staff. Under state law (20-4-303) insulting or abusing teachers anywhere on school grounds is considered a misdemeanor and carries fines up to \$500.

BUS STUDENT CONDUCT

Students riding any of the buses to their respective school are subject to all the rules and regulations of that school and the school district while riding to and from school. Students are expected to follow expectations and regulations contained in the EMS Student Handbook. Students are also responsible to their school while on the premises of other schools waiting to catch a bus or changing buses.

The School will adhere to policies outlined in School District Bus Handbook. Additional consequences in accordance with student school behavior expectations outlined in this handbook may be assigned.

VIDEO SURVEILLANCE POLICY (3235)

The Board authorizes the use of video cameras on district property to ensure the health, welfare, and safety of all staff, students, and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

The District shall notify students through student/parent handbooks that video surveillance may occur on District property.

Student in violation of Board policies, administrative regulations, building rules, or law shall be subject to appropriate disciplinary action. Others may be referred to law enforcement agencies

Video recordings may become a part of a student's educational record. The District shall comply with all applicable state and federal laws related to record maintenance and retention.

Audio shall not be part of the video recordings made, reviewed, or stored by the District.
(Complete copy of Video Surveillance, Policy – 3235, is on file in the Principal's Office.)

BICYCLES

If you ride a bicycle to school, park it in the racks in front of the building by the main entrance. Bicycles are not to be left leaning against the building or left lying on the ground where they can be accidentally stumbled upon or where they can fall against or upon anyone. You are advised to lock your bicycle.

SKATEBOARDS

Students must sign a skateboard contract in the assistant principal's office. Skateboards must be locked in the student's locker, have a name on the board and must not be ridden on school grounds. The school is not responsible for lost skateboards.

CARS AND MOTOR BIKES

Students may not drive cars and motorbikes to school. No student will be permitted to ride home or about town after school in cars not authorized by his or her parent. Students may not be "picked up" after school by boy and girl friends. Students who are apprehended bringing cars or motorbikes to school will face disciplinary action.

COOPERATION WITH OUR NEIGHBORS

From time to time each year, managers of businesses in close proximity to the school request that we place their establishments off-limits to our students from 8:00 a.m. until 4:00 p.m. We comply with such requests.

Also, from time to time, neighbors request that our students refrain from loitering in the alleys adjacent to their garages and/or yards. When such requests are made, we always comply. A letter will be sent home to parents of students caught loitering in the alleys and must be returned with the student and parent signature. A second offense will result in five (5) days of in-school suspension.

DISORDERLY CONDUCT ON THE WAY TO OR FROM SCHOOL

School authorities have the power to hold every pupil to a strict accountability in school for any disorderly conduct on the way to and from school and to suspend from school any pupil for good reason. Fighting in school, on the grounds, or while on the way to or from school is strictly forbidden. Gathering in groups in alleyways and vacant lots for the purpose of smoking, abusing property or property owners is also strictly forbidden. Offenders will be suspended. Misconduct of any kind to and from school will be cause for suspension.

Students Suspected of Chemical Use, Abuse or Dependency Who elect to Participate in Extracurricular and Co-curricular Activities

Participation in extracurricular and/or co-curricular activities is a privilege and not a right. Students who wish to participate in extracurricular and/or co-curricular opportunities made available by the School District must be willing to accept the responsibilities, as well as the benefits that are associated with extracurricular and co-curricular activities.

School District No. 1 recognizes that the use of drugs, alcohol or tobacco is a health problem that can affect the pursuits of students in the education process.

It is also recognized that a student in extracurricular and co-curricular activities represents the District outside the normal realm of the school and as such should project a positive image of the District, his/her school and the student body.

Health problems are primarily the responsibility of the home in the case of students, but the school activities play an important role in the life of students, parents, families and the community.

Problems interfering with the philosophies of these activities must be identified and the offenders must be dealt with in a manner that benefits the students, the activity and the community.

The responsibility for the awareness of the use of drugs, alcohol or tobacco and their effects on the educational process must be shared by the student, parents, employees of the District and the community.

The objectives of this policy are to make staff, students, parents and the community aware of the need to prevent the use of drugs, alcohol, and tobacco among students involved in extracurricular and co-curricular activities, and to facilitate rehabilitation.

Any student who elects to participate in any extracurricular and/or co-curricular activity offered by the School District shall be apprised of his/her rights and responsibilities as delineated in this policy before he/she is allowed to participate.

All students who elect to participate in extracurricular and co-curricular activities will be covered by this policy. All rules, regulations, sanctions, penalties, etc., which apply to students covered by this policy will be in addition to all rules, regulations, sanctions and penalties as outlined in the policy and procedure for Dealing with Students That are Suspected of Chemical Use, Abuse or Dependency. If a student has any questions as to whether a School District sponsored activity is covered by this policy; he or she has the responsibility to ask the Principal whether the activity is covered by this policy.

The involved staff has the responsibility for awareness and implementation of this policy. Students who elect to participate in extracurricular or co-curricular activities and parents or guardians are responsible for understanding this policy and recognizing it is a written response, to-wit:

A student who elects to participate in an extracurricular or co-curricular activity must first sign a Student Participation Form acknowledging that he or she agrees to be bound by this policy.

A student who violates this policy after having signed a Student Participation Form, but before he/she notifies the Principal in writing of his or her decision to no longer be bound by this policy will be subject to the conditions and penalties of this policy for any violations that occur while the student has elected to be bound by this policy even if he/she subsequently terminates his/her agreement to be bound by this policy.

DISCIPLINARY REPORTS

Disciplinary reports ("pink slips") are issued to students who do not conform to classroom procedures or to the rules and regulations of the school. Each unsatisfactory conduct report carries a corresponding punishment ranging from detention to suspension depending on the number and severity of the offense.

There are from time to time individual pupils who do not respond to the best of classroom situations; who demand more than their share of attention and make it impossible for others to learn. The teacher employs various approaches to adjust the problem. If the pupil still creates enough disturbance that the welfare of the class to learn is jeopardized, a disciplinary report is sent home for the parents' signatures. This contains a statement by the teacher of the pupil's persistent disturbing conduct in the classroom. The report enables the parent to contact the teacher or the school. Disciplinary reports are used when teachers feel classroom disruption, defiance, or a student's behavior is totally unwarranted.

A violation that takes place within a classroom, in school, or at school related activity is punishable according to frequency and severity with administrative discretion. The first behavioral referral will result in at least a warning and a notification will be sent to the parent. A second, at least three (3) nights of detention, a third at least five (5) nights, a fourth, at least ten (10) nights. Once a student has accumulated over ten (10) nights of detention, he or she must serve two (2) nights per night until all detention has been served. A fifth behavioral referral will result in at least three (3) days of In-School Suspension, a sixth, at least (5) days. Subsequent referrals will result in out of school suspension as determined by the administration.

DETENTION

Students placed on detention are those who persistently continue to break the rules and regulations of East Middle School. Students will study or do homework on detention. Books must be brought to detention.

Whenever a teacher or the Assistant Principal or the Dean of Girls wishes to keep a pupil after school, the pupil will be instructed to report for detention the next school day in order that the pupil can inform his parents that he or she will be detained after school upon the following school day. This rule makes it possible for the parents to know on what day their youngster is being detained after school. Detention lasts from 3:05 - 3:45 for one night or from 3:05 - 4:15 for two nights. Students having ten (10) or more nights of detention must serve from 3:05 - 4:15 and will receive credit for two nights until all detention is served.

To be excused from detention a student must bring a note the same day that the detention is to be served. Failure to do so will result in more detention. All detention must be served.

DETENTION RULES:

- ✓ Detention is scheduled Monday through Friday of each week unless students are notified otherwise by the Dean of Girls or Vice Principal.
- ✓ Students must report within five minutes after school is dismissed.
- ✓ Students must bring all articles to detention because they will be dismissed from school at the end of detention. Students are not allowed to return to their lockers.

 - Second skip - 5 nights detention
 - Third skip - three days ICE Room or suspension
- ✓ All detention will be served at the end of the year or the next year in the case of the seventh graders. No transcripts, grades, or records will be forwarded until the detention has been completed.

Students on Reduced Lunch or with a regular lunch account may choose from the cafeteria menu and have the meal charged to their account, or choose to bring a lunch from home. Students must report to cafeteria entry way across from Room 104 and will be escorted by staff to the lunch area. Students on Third Lunch will be responsible for cleaning restricted lunch area.

IN-SCHOOL SUSPENSION (ISS)

An isolated classroom environment is set up at East. Before students are suspended for six pink slips or a major school infraction, they are placed in the in-school suspension room for three days for the first offense, and five days for the second offense. Parent and student are required to meet with the administration and agree to the rules of the class. Students will stay home for one school day prior to beginning in-school suspension.

IN-SCHOOL SUSPENSION ROOM RULES:

- ✓ Students will report to school at 8:14. If a student is late, one day will be added to suspension time.
- ✓ Students with cell phones and other electronic devices must place them in their assigned locker at the beginning of the day. Those items will be returned to the student at the end of the day. If the student fails to relinquish device and is caught with said device, it will be confiscated and a parent must come to the school to pick it up.
- ✓ Students must sit at designated table while in cafeteria and will be escorted to suspension room by school officials.
- ✓ Students will be assigned seats and will work on assignments from their regularly scheduled classes. Students will not be allowed to leave their assigned seats except at the direction of the teacher.

- ✓ Students will not fall asleep. Students must not put their heads on the desk and must sit properly in the desk.
- ✓ Students are forbidden from writing on tables, dividers, walls, or any other school property. Individual student work areas will be inspected daily by classroom supervisor. Any marks and/or defacing will result in additional day added to suspension time and/or referral for further disciplinary action (i.e. out-of-school suspension).
- ✓ Students will not talk with each other. A student may ask questions of the supervisor after raising his/her hand and be acknowledged by the supervisor.
- ✓ All work assigned must be completed in a quality manner and returned to the supervisor by the end of the day. Exams will be returned within the time specified by the classroom teacher.
- ✓ Students will not chew gum, eat candy / snacks, or drink beverages.
- ✓ Students will not bring magazines or any unauthorized reading material. Students will bring all textbooks, pens, and pencils to the room.
- ✓ Students will walk single file to the restroom. One student will use the restroom at a

- time. Students will be taken to the restroom at 9:45 a.m. and 2:00 p.m.
- ✓ Students will eat at 11:00 a.m. in the classroom. No talking will be permitted.
 - ✓ Students on Free Hot Lunch will have a lunch provided for them. They will be offered a choice from a menu provided by the cafeteria staff or may choose to bring a lunch from home. Students on Reduced Lunch or with regular lunch account may choose from the cafeteria menu and have the meal charged to their account or choose to bring a lunch from home.
 - ✓ Any violation of the In-School Suspension rules will result in immediate referral to the administration and possible out-of-school suspension. Before a student will be suspended a parent will have the option to sit for three days with their child in the suspension room. If a student is on out-of-school suspension for rules infractions, the student will be required to return to in-school suspension to complete the assigned time.
 - ✓ While in the suspension room, a student may attend practice, but may not play in school sports or activity until completing suspension time.
 - ✓ Students may not attend school functions unless the function is stressing positive self-image building.
 - ✓ Students will abide by all of the above rules and conditions found in the East Middle School handbook.
 - ✓ Students placed in In-School Suspension will be on the Revoked Privileges list for at least 1 month or longer.
 - ✓ Upon completion of In-School Suspension, the student will serve at least one week in the Third Lunch period.

REVOKED PRIVILEGES

When a student is habitually in trouble, late to class, disruptive, or defiant, all privileges may be revoked until such time said students modify their behavior and reveal that they can be worthy citizens of the school. If a student is suspended or placed in the ISS Room, they will be placed on the revoked privileges list for one month or longer.

SUSPENSION

Suspension means interruption of the student's presence in the regular classroom, or in the building (out-of-school suspension). Once the student is suspended he/she will be on the revoked privileges list for one month. Suspension will be three (3), five (5), or ten (10) days depending on the number and severity of offenses.

STUDENTS WHO ARE SUSPENDED MAY NOT RETURN TO THE SCHOOL, BE ON ANY SCHOOL GROUNDS, OR TAKE PART IN ANY SCHOOL ACTIVITIES OR SPORTING EVENTS UNTIL THE SUSPENSION HAS BEEN SERVED.

SUSPENSION POLICY

- ✓ Students will be advised that they are in jeopardy of being suspended, and parents may be notified by phone or mail. The counseling department, principal, and dean of girls or vice principal will make efforts to counsel the students for the purpose of adjusting the problem before a suspension will be imposed.
- ✓ Flagrant defiance of and disrespect for school regulations, e.g. fighting or smoking in or

around the building, may result in an immediate suspension of up to 10 days with only an informal hearing. A disciplinary report will be mailed home to the parent. The parent will be called to come to the school and pick up their child.

- ✓ The hearing, and the disciplinary action taken will be mailed within 24 hours to the parents.
- ✓ Assignments will be provided for any student on suspension upon request by the parent. The student is responsible for all assignments. All work must be complete upon return or the student will be sent home for the day.
- ✓ When a student returns from suspension, he must be accompanied by a parent for a conference and secure an admit slip.

PURPOSE OF SUSPENSION

When a pupil is suspended, the school seeks the aid of the parents to help adjust the problem. The school and the parents can then work together cooperatively to adjust the problem.

All students are given informal hearings for any suspensions.

OUT-OF-SCHOOL SUSPENSION

Out-of-school suspension, a necessity in order to protect the rights of fellow students, has many weaknesses. Among them are:

- ✓ Students miss all work while suspended. Make-up work, when done, is often ignored by most teachers.
- ✓ Some students view suspension as free time and welcome it.
- ✓ Community problems are caused by students while suspended.
- ✓ Length of suspension is sometimes extended because parents are unwilling or unable to bring the student back.

Students suspended from school are not allowed on any school grounds and may not participate in any school activities until suspension has been served. Violation of this rule may result in further disciplinary action including additional suspension and referral to juvenile probation for trespassing.

Students will be provided work to complete on suspension which must be completed before student returns to school. A parent/guardian must accompany student back to school the day following suspension in order to conference with Administration.

STUDENT OFFENSES THAT WILL RESULT IN SUSPENSION

- ✓ Flagrant disrespect for school regulations
- ✓ Open defiance and insolence to a teacher
- ✓ Damage to property – All damage to the building or property caused willfully or carelessly, must be paid for by the pupil causing such damage. This applies to textbooks issued to students, desks, lockers, walls, and all other forms of school property.
- ✓ Hazing or intimidation of other students
- ✓ The use of any form of extortion by students
- ✓ Theft of any school property or the property of other students
- ✓ Five or more disciplinary reports
- ✓ Fighting in or on the way to or from school, or at any school sponsored activity
- ✓ Smoking or chewing tobacco. The school prohibits smoking and chewing of tobacco or

"look alike tobacco products" including e-cigarettes and vapor products in the building, on the school grounds, before or after school hours, while in attendance at school activities, or at any time a group can be identified as representing East Middle School. Students found in possession of tobacco products will be turned over to the police and a fine will be imposed.

- ✓ Truancy – students who are truant may be referred to the school resource officer
- ✓ Defiance, disrespect, abusive language or gestures directed toward any staff member
- ✓ Possession of any prohibited articles in school
- ✓ Possession of defense sprays, pepper sprays, mace, stun guns, tasers, etc.
- ✓ Unauthorized intrusions in other schools
- ✓ Gambling
- ✓ Matches and lighters
- ✓ Arson
- ✓ Firecrackers and explosives
- ✓ Possession of knives, slingshots, or other weapons, etc.
- ✓ Possession of firearms
- ✓ Students who have knowledge of possession of firearms, but fail to advise a staff member
- ✓ Computer misuse
- ✓ Endangering the safety of others (setting off false alarms, making bomb threats, etc.)
- ✓ Violation of policies regarding student behavior and student involvement with illegal chemicals or alcohol
- ✓ Refusing to identify one's self to school personnel
- ✓ Disorderly conduct on the way to or from school
- ✓ Trespassing on private property
- ✓ Level 2 and Level 3 Bullying Behaviors

1. The Superintendent shall designate a hearing officer who shall conduct the hearing. The hearing must be held within five (5) school days of the start of the disciplinary action. The hearing officer must issue his or her written decision within forty-eight (48) hours of the hearing.
2. The decision of the hearing officer may be appealed to the School Board. The appealing party must notify the Superintendent of his or her desire to appeal the hearing officer's decision within forty-eight (48) hours of the hearing officer's decision. The School Board shall review the appeal within four (4) school days of the Superintendent being notified of this appeal. The School Board shall reverse the decision of the hearing officer only where there is a clear showing of abuse of discretion by the hearing officer.

3. A student who is under the age of 18 who requests a hearing shall be accompanied by a representative of his or her own choosing. A student who is 18 years of age or older who requests a hearing may be accompanied by a representative of his or her own choosing.

Uniform Complaint Policy

Uniform Complaint Procedure

The Board establishes this Uniform Complaint Procedure as a means to address complaints arising within the District. This Uniform Complaint Procedure is intended to be used for all complaints except those governed by a specific process in state or federal law that supersedes this process or collective bargaining agreement. Matters covered by a collective bargaining agreement will be reviewed in accordance with the terms of the applicable agreement.

The District requests all individuals to use this complaint procedure, when the individual believes the Board or its employees or agents have violated the individual's rights under state or federal law or Board policy.

The District will endeavor to respond to and resolve complaints without resorting to this formal complaint procedure and, when a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of a complaint filed hereunder will not be impaired by a person's pursuit of other remedies. Use of this complaint procedure is not a prerequisite to pursue other remedies and use of this complaint procedure does not extend any filing deadline related to pursuit of other remedies.

Deadlines requiring District action in this procedure may be extended for reasons related but not limited to the District's retention of legal counsel and District investigatory procedures.

Level 1: Informal

An individual with a complaint is first encouraged to discuss it with the appropriate employee or building administrator, with the objective of resolving the matter promptly and informally. An exception is that a complaint of sexual harassment should be discussed directly with an administrator not involved in the alleged harassment.

Level 2: Building Administrator

When a complaint has not been or cannot be resolved at Level 1, an individual may file a signed and dated written complaint stating: (1) the nature of the complaint; (2) a description of the event or

incident giving rise to the complaint, including any school personnel involved; and (3) the remedy or resolution requested. The written complaint must be filed within thirty (30) calendar days of the event or incident or from the date an individual could reasonably become aware of such event or incident. The applicability of the deadline is subject to review by the Superintendent to ensure the intent of this uniform complaint procedure is honored.

When a complaint alleges violation of Board policy or procedure, the building administrator will investigate and attempt to resolve the complaint. The administrator will respond in writing to the complaint, within thirty (30) calendar days of the administrator's receipt of the complaint.

If the complainant has reason to believe the administrator's decision was made in error, the complainant may request, in writing, that the Superintendent review the administrator's decision. (See Level 3.) This request must be submitted to the Superintendent within fifteen (15) calendar days of the administrator's decision.

When a complaint alleges sexual harassment or a violation of Title IX of the Education Amendments of 1972 (the Civil Rights Act), Title II of the Americans with Disabilities Act of 1990, or Section 504 of the Rehabilitation Act of 1973, the building administrator may turn the complaint over to a District nondiscrimination coordinator. The coordinator will complete an investigation and file a report and recommendation with the Superintendent. If the complainant is dissatisfied with the Superintendent's decision, either may request, in writing, that the Board consider an appeal of the Superintendent's decision. (See Level 4.) This request must be submitted in writing to the Superintendent, within fifteen (15) calendar days of the Superintendent's written response to the complaint, for transmission to the Board.

Level 3: Superintendent

If the complainant appeals the administrator's decision provided for in Level 2, the Superintendent will review the complaint and the administrator's decision. The Superintendent will respond in writing to the appeal, within thirty (30) calendar days of the Superintendent's receipt of the written appeal. In responding to the appeal, the Superintendent may: (1) meet with the parties involved in the complaint; (2) conduct a separate or supplementary investigation; (3) engage an outside investigator or other District employees to assist with the appeal; and/or (4) take other steps appropriate or helpful in resolving the complaint.

If the complainant has reason to believe the Superintendent's decision was made in error, the complainant may request, in writing, that the Board consider an appeal of the Superintendent's decision. (See Level 4.) This request must be submitted in writing to the Superintendent, within fifteen (15) calendar days of the Superintendent's written response to the complaint, for transmission to the Board.

Level 4: The Board

Upon written appeal of a complaint alleging a violation the individual's rights under state or federal law or Board policy upon which the Board of Trustees has authority to remedy,

the Board may consider the Superintendent's decision in Level 2 or 3. Upon receipt of written request for appeal, the Chair will either: (1) place the appeal on the agenda of a regular or special Board meeting, (2) appoint an appeals panel of not less than three trustees to hear the appeal and make a recommendation to the Board, or (3) respond to the complaint with an explanation of why the appeal will not be heard by the Board of Trustees in accordance with this policy. If the Chair appoints a panel to consider the appeal, the panel will meet to consider the appeal and then make written recommendation to the full Board. The Board will report its decision on the appeal, in writing, to all parties, within thirty (30) calendar days of the Board meeting at which the Board considered the appeal or the recommendation of the panel. A decision of the Board is final, unless it is appealed pursuant to Montana law within the period provided by law.

Uniform Complaint Form

The Board of Trustees established a Uniform Complaint Procedure under District Policy 1700 as a means to address certain complaints that arise within the Butte School District.

The Board of Trustees expects that most complaints will be addressed at the school building level. A person with a school related complaint is encouraged first to discuss the issue with the appropriate employee or building administrator, with the objective of resolving the matter promptly and informally. This complaint procedure may be used when an issue cannot be resolved informally or the particular concern does not fit within another policy of the Butte School District.

The District endeavors to respond to and resolve complaints promptly and equitably. The right of a person to prompt and equitable resolution of a complaint will not be impaired by the person's pursuit of other remedies. Use of this Complaint Procedure is not a prerequisite to the pursuit of other remedies and does not extend any filing deadline related to the pursuit of other remedies.
